THIRD ANNUAL

WORLD OF WONDERS SCIENCE MUSEUM

THE WOW Gala

STARRY, STARRY NIGHT

Join Us for an Unforgettable Evening

Enjoy an elegant evening where guests enjoy gourmet appetizers, a delicious chef-curated dinner, and exciting live and silent auctions. Plus, live music, dancing, and unforgettable moments.

Imagine an Educational Campus four times the size of the current museum; an open-air amphitheater; a centrifugal force carousel; a pedestrian-only Science Boulevard; additional classrooms to expand our popular hands-on science programs right in your backyard!

The expansion of the WOW Science Museum represents a major investment in the community's future—supporting STEAM education, where science and innovation come together to inspire the next generation of thinkers, explorers, and entrepreneurs.

BE PART OF SOMETHING EXTRAORDINARY!
